

Think PATIO PARADISE for all your patio needs

Ingrid Steverson loves this time of year, “It is a wonderful time—that transition between winter and spring when people are outside enjoying the beautiful weather Lake Havasu is famous for.” While the rest of the country is in the thrall of snow and cold, Havasuvians, both locals and winter visitors, know that now is the time to head out to the patio for a barbeque or get together. And **Patio Paradise** has everything you could possibly need to get the most enjoyment out of your backyard.

As the name implies, Patio Paradise offers an abundance of products from grills, patio furniture, outdoor accessories, outdoor signage, and anything else that will help you feel as comfortable outdoors as you are inside your home. In business for over 16 years, the store offers a full line of quality, American-made outdoor furniture products such as O.W. Lee, Homecrest, Tropitone, Poly-wood, and Telescope. Quality furniture is important in this weather. When you buy from Patio Paradise, your purchase is backed by not only an American manufacturer, but the store itself. They always continue to help with warranties too.

If you’re looking for that perfect grill or smoker, your first stop should be Patio Paradise. From fire pits to pellet grills and smokers, they have several popular name brands, including Louisiana Smokers, Blaze and Big Green Egg. “For custom kitchens, we will look for a licensed contractor and can show you designs. We can get the barbeque doors, drawers, and barbeques to complete your outdoor kitchen dream.”

Patio Paradise also stocks fun pool and patio signs, as well as functional products such as acrylic wear—glasses, plates, utensils—all the things needed for outdoor entertaining. “Our store appeals to a wide variety of customers, from the outdoor furniture people to grill folks, as well as customers just interested in home and garden décor.” If you’re interested in barbeque rubs and seasonings, they carry a wide selection, including favorites such as John Henry’s, Suckle Buster, Dizzy Pig, and Grill Your Ass Off.

Ingrid recognizes that being successful means giving back to a town that supports her business. Active in the community, she enjoys the fact that Havasu is a small town and that everyone is family. “This is a very close community where everyone supports one another. The best part is that it is a

great place to live, and a great place to raise a family. I enjoy the diversity of people that come into my store, and I strive to carry products that will appeal to a wide range of people. I can’t think of a better place to live and operate a business,” she states.
